UW-MADISON EXTENSION

The University of Wisconsin-Madison Division of Extension provides equal opportunities in employment and programming in compliance with state and federal law.

MONDAY, NOVEMBER 3  
6:30-7:15 PM VIA ZOOM

## CLOVERBUD FUN

CLOVERBUDS (K-2)

Head, Heart, Hands, Health —  
Make a 4-H lantern with us  
and learn about 4-H and the  
4-H pledge!

THURSDAY, OCTOBER 23<sup>RD</sup> 6:30-7:30 PM  
VIA ZOOM

## SCIENCE OF PUMPKIN PIE

3RD GRADE AND UP

Learn the purpose of each ingredient in this popular fall dessert. Making slight changes in your ingredients could make for a better pie, or maybe not. Either way, it is a good way to learn science. SUPPLIES ARE NOT PROVIDED. A supply list and recipes will be emailed and mailed prior to the session.

### TASTE of 4-H Session Descriptions

THURSDAY, OCTOBER 30  
6:30-7:30 VIA ZOOM

## PAPER CIRCUITS

3RD GRADE AND UP

Make your greeting card come to life with LED lights and a simple circuit! Get Creative with paper circuits and make your picture light up in a hands-on, visually engaging way to learn about electricity and circuits! Learn how a basic electronic circuit works using conductive materials (copper tape) to connect LED lights and batteries.

Supplies and a Lesson will be shared ahead of time.

MONDAY OCTOBER 27<sup>TH</sup>  
6:30-7:15 VIA ZOOM

## PIPECLEANER FLOWERS/CLOVERS

3RD GRADE AND UP

Join us to make a pipe cleaner clover and flower! The 4 leaf clover is the well known symbol of 4-H and now you can make one at home. Add a pipe cleaner flower for a neat decoration.

A lesson plan and supplies will be shared ahead of time.

THURSDAY, NOVEMBER 6  
6:30-7:30 VIA ZOOM

## PAPER QUILLING

Grades 3 and up

Quilling is a beautiful art form that lets you create intricate designs by simply rolling and shaping paper. The session will provide the main materials you'll need to get started: a quilling tool (used for rolling the paper strips), the paper strips themselves, and cardstock for your base design. The most important thing to remember is to bring your own glue. Any liquid craft glue that dries clear will work perfectly. A bottle with a fine tip is helpful for precise application, but you can also use a toothpick to apply small dots of glue.
